

Lively Biz Accelerator

Pilot Program Invitation

Welcome!

I'm delighted to personally invite you to consider joining me for a very special one-time opportunity.

Starting in January 2019, I'm going to work with a very small group of entrepreneurs who are committed to achieving one big goal (or two smaller ones) within six months in the pilot offering of the **Lively Biz Accelerator**.

This booklet has been designed to explain how we would work together in the pilot version of this brand-new program.

My desire for you is singular – that you create the business that YOU desire and deserve – and build it in a successful and sustainable way.

In everything I do, I am focused on three things:

1. Lifestyle
2. Leverage
3. Legacy

Succinctly that means that I've built my business to fund the lifestyle I desire. I use leverage to make that happen in small pockets of time and effort. And at the same time, I'm building a legacy for my family.

My mission is to help entrepreneurs build businesses that fund their desired lifestyle using leverage to make everything flow with a lot less effort, that leave a legacy, and do so sustainably. (Financial success with poor health or unhappy families is not success!)

Of course, RESULTS are what you're investing in...

You want to know that your business and life will change for the better as a result of being a part of the Lively Biz Accelerator.

Here's a sampling of some of the bigger goals we can achieve together (the design of how we cover these will be personalized for your business):

- Creating a high-ticket program, workshop or other offer
- Creating your first recurring revenue stream (like a membership)
- Writing, publishing and marketing your book
- Enrolling new clients every month
- Adding \$1k to your monthly income
- Creating an online evergreen course
- Creating and launching your podcast
- Creating and selling from a virtual event (webinar, FB Lives, etc.)
- Targeting the appropriate market and knowing your most profitable sweet spot within that market (finally)
- Getting your message out in a big way through speaking and writing (and how to prepare your talk)
- Creating, launching and leading a small workshop or retreat
- Creating and prospering from running challenges
- Strategically launching your next offer for better results
- **Your Bigger Specific Goal Here:** _____.

So what is the Lively Biz Accelerator?

Designed exclusively for the lifestyle entrepreneur, you get...

1. Full support from me to achieve ONE bigger specific goal (or two smaller ones) during the program period

We'll decide together which specific bigger goal you're committed to reaching in our time together, and then we'll map out a strategy and a plan for achieving that goal before the end of the program period.

2. Goal Intention Worksheets & Accountability Check-Ins

At the beginning of each week, you'll be asked to share what steps you'll be taking to move towards your goal for that week. Mid-week, I'll check in with you to ask what questions you have or support you need. At the end of each week, we'll connect again to celebrate your progress and make adjustments as you continue to move forward towards your goal.

3. Q&A Sessions

Once a month, we'll gather for a Q&A session where you can ask all your questions and learn from your peers' questions too. These will be recorded for you as well.

4. Four BRAND-NEW Business Trainings -

During the program period, I'll lead four business trainings to further support you.

1. Create Your First Recurring Revenue Stream in Your Business
2. Practical Strategies to Shift Your Money Mindset to Increase Your Cash Flow
3. Blog-Casting: The Fastest Way to Raise Your Known Factor
4. Instagram for Business: Increase Your Reach and Convert Followers to Buyers

Plus, I have a full training library that I can pull from to give you even more specific training when and if you need it on your way to achieving your bigger specific goal.

Why am I offering the Lively Biz Accelerator as a pilot program?

There are two reasons I'm offering this intimate group coaching program as a one-time pilot program:

1. I want to help you achieve one specific goal in a short amount of time and the best way for me to do that for you is to do it as a Case Study. This way, I'm committed to recording, tracking, and analyzing the data as you move from milestone to milestone, from where you are right now to where you want to be by the end of the program period, so that I can use that data in future program upgrades and for marketing.

2. I'm blessed with a ton of testimonials from being in business for so long, AND I'd love some very specific and fresh ones to share as I continue to grow my business. :-)
